STRATHMORE HARDWARE

Big Stockbuying Opportunities

As will be seen from our advertising columns, Messrs Layzell and Wade are conducting a sale on Saturday, 18th inst., at Strathmore, of 200 well bred Shorthorn and Hereford Cattle, and also a carload of good horses. These are on the market because of shortage of feedstuffs in the district where they were raised, southwest. The cattle consist of 80 head young cows, 50 head one and two-year-old steers, 50 head of one and two-year-old heifers, and 20 head dairy cows. The sale will commence at 1 o'clock sharp. Details will be found in our advertising columns.

Cheadle News

Mr. Roland Miller has left for Butfield and Medicine Hat to remain perhaps for the winter. Miller & McKenzie have moved their threshing outfit to Nanaka where they have quite a lot of work. Mr. Munson Mfr. of National Elev. Co., Calgary was in town for a day. The Ladies Club are having their hall painted. Mr. Thorson of Calgary has the contract. Wheat threshing is all over here but there will be lots of oats to thresh after the cutting is done.

Have you done your bit yet for the G.W.V.A. Memorial Hall. It isn't, do it now.

Memorial Hall

Public Responding Generously

The generous response of the public continues towards the appeal of the G.W.V.A. for subscriptions towards the building of a Memorial Hall as will be seen from this further list of subscribers since the publication of our last issue. This list does not include subscribers to list No. 2 (Mr. T. Chambers) list No. 3 (Mr. G. H. Patrick) list No. 4 (Mr. H. A. Rogers) list No. 5 (Canadian District) as contributions to these lists are not available at the time of going to press.

Carseland

Outside of the discussion regarding the site of the new bridge over the Bow river, at Carseland, Mr. Carseland is progressing, and about 15,000 bushels have been hauled in to the local elevators.

William Hill, who tied the matrimonial knot some weeks ago, is now in Carseland with his bride, and receiving the congratulations of local people. He is reported to be making a deal for the purchase of Mr. Leckhart's hardware business, in which he was formerly employed.

Protests during the past two Sundays have been conducted, in the centre of Bow Lake, by Rev. McPherson, our former pastor, and Mrs. Hilditch of Tisdale.

Local Gossipings

The Bachelor's Ball to be held Fri-
day evening, promises to be a huge
success, and already the committee in
charge have received acceptance to
many of their invitations.

The Baseball Club are promoting a
dance for Halloween's night. Mrs. Train
and orchestra will provide the music.
Everyone is invited to attend. It is
hoped to wipe off the club's deficit
by this dance.

Tenders are being called for the
foundation of the new Memorial Hall
at Strathmore.

Mr. Stone, of Bow Island, arrived
last week with Mrs. Stone, and
has gone into partnership with Mr.
Weising in "Everybody's Garage."

Mrs. W. C. Tucker returned last
week from Delta, where she has been
visiting Mrs. Clarke.

Geese have been numerous on the
sloughs around here during the past
week, and the hunters have been out
after them, with varying degrees of
success.

Subscribers are pouring into the
Veterans Memorial Hall project, but
a United effort is required if the hall
is to be completed this winter.

The Bowling League will soon be
under way, and teams representing
business men, C.P.M. Veterans, etc.,
are being named. The only trouble
is to find men willing to undertake the
humble but necessary office of play-
ers.

Dr. Clinch has been appointed Medi-
cal Officer at Strathmore under the
Soldiers Civil Re-establishment Board.
Any soldier or sailor up to his first
year for discharge is required to have
an officer or surgeon up to his first
year of discharge. Notification
of this has been sent to the local sec-
retary of the G.W.V.A.

On Monday evening the members of
the Ladies Aid association held their
monthly at the home of Mr. & Mrs.
Johnson. This is an annual affair and
occasion was a most pleasant social
affair. The evening was spent in
games, music and social chat. This
was also the occasion of raising in
talent money, which resulted in a
ready sum being added to the treas-
ury.

Mr. Marshall of the British Drug
store is to be congratulated on the
success of his efforts in raising the
One Cent Sale to Strathmore. It is an
advertising scheme originated a few
years ago by the United Drug Com-
pany and put on in the cities and towns
by the local stores. Mr. Mar-
shall will run this sale for three days
beginning Thursday morning, Oct. 16,
and advises intending purchasers to
come early before the stocks are ex-
hausted as orders cannot be taken for
any goods at sale prices after the pres-
ent stock has been sold out. The
United Drug Company is standing the
expense of the sale up to it is a splendid
opportunity to stock up with these
items.

Have you figured out the amount
of your subscription yet to the Mem-
orial Hall?

Last Thursday the fine home of Mr.
Pink Stander, 12 miles northwest of
town, was burned to the ground, the
cause of the fire is unknown.

Mr. and Mrs. Stander and their
nephew lived in the home when
the alarm was given, but the
plenty of time to get out. A consid-
erable portion of the furniture was
also saved by the efforts of Mr. Stan-
der and the men working on the farm.

David Favors Hall

The following letter has been re-
ceived by Mr. J. H. McQueen from
Mr. Fred Lewis, M.L.A. for this con-
stituency.

Dear Sir:—Herein you will find check
on \$100.00 towards the Strathmore
Memorial Hall.

I congratulate your local Grand War
Veterans Association upon your enter-
prise, and can assure you that the
loyalty of the people of Strathmore
and the vicinity is such that you
should have little trouble in financing
the proposition. I would further sug-
gest if our Government was to give
us a share to subscribe a percentage of
the erection of a Memorial Hall in the
city of the Province, out of the general
funds of the Province, a check for your
local for a similar percentage
should be in order.

Working you every success, and as-
suring you of every cooperation on my
part. I am,
Yours truly,
FRANK DAVIS
Irreana, Oct. 10th, 1919.

Work on Bridge to Start Soon

Contractors look good for the com-
mencement of work on the bridge
over the Bow at Carleton Place on the
old ferry site. Hon. A. J. McLean, Min-
ister of Public Works for the Prov-
incial Government, was at Carleton
last Tuesday.

The farmers in the western part
of the district south of the river
would like the bridge placed due south
of Carleton, but as before stated
the Department is averse to this on
the ground of unsuitability of site
from an engineering point of view.
Mr. McLean is reported to have stated
while down at Carleton that the
people there had better agree to the
Government site or they would get no
bridge at all. However, he left the im-
pression while there that work was
going to be commenced immediately.
An Edmonton report, dated after
Mr. McLean's return from Carleton,
says in part:

Work is to begin at once on what
will be the largest item on the bridge
program of the postwar public works
department. It will be a steel bridge
across the Bow River at Carleton
forty miles out of Calgary, and will
replace the only one about 800 ft. long.
Hon. A. J. McLean, Minister of
Public Works, has just returned from
inspection of the site, and reports that
everything is now ready to proceed
with a vigorous construction cam-
paign during the winter.

All the other bridges erected for
the government this year have been
wooden structures, but the crossing
at Carleton will require a bridge of
the steel and it has been found that
steel will be more economical. The
material has been ordered and some
of it is already on the ground.

It is the intention of the depart-
ment to carry on this work through
the winter, and the bridge will prob-
ably be completed in the spring. Op-
erations will be commenced as soon
as sufficient materials are available.
Mr. McLean says that the govern-
ment has been successful in securing
the steel at a fair price, and no fur-
ther delay is anticipated.

The bridge crosses the Bow at that
point has been a long-felt want, and
considerable difficulty was encoun-
tered in finding a site, but on the
engineer's report a location has now
been agreed upon, and the work will
at once proceed. A ferry has been in
operation at Carleton heretofore.

All the reconstruction work of the
Department is making satisfactory
progress, says Mr. McLean. The
construction of several new build-
ings are making haste to get them
covered before the arrival of the cold
schools at Raymond and Vancouver
and the court house at Medicine Hat
will be ready for inside work during
the winter. The new hospital build-
ings at Ponoka are now almost com-
pleted.

STRATHMORE MEMORIAL HALL

TENDERS

Are invited for the construction and
construction of a foundation for the
G.W.V.A. Memorial Hall at Strathmore.
Plans and particulars can be obtained
from the chairman of the building
committee, Mr. D. French, Strathmore.
Lowest and tender not necessa-
rily accepted. Tenders received up to
and including Wednesday, Oct. 22.

Everyone Who Bought Canada's Victory Bonds Made Money

EVERY one of the million and a half subscribers to
Canada's Victory Bonds knows that he can sell
them today for more than he paid for them.

Every one who bought Canada's Victory Bonds has
received 3 1/2 per cent. interest per annum—paid twice a
year.

Over half a million Canadians who bought Canada's
Victory Bonds on the brilliant plan saved money that
they could not otherwise have saved.

The guarantee back of Canada's Victory Bonds is
the same as the guarantee back of a One Dollar or a Two
Dollar bill. There is no difference, however, that you
get interest on the Victory Bonds and you don't on the
One or Two Dollar bill.

Canada's Victory Bonds will always be accepted as
security for a loan.

Banks are ready to loan money on Canada's Victory
Bonds.

Canada's Victory Bonds may be turned into cash at
any time.

There is no other way in which you can invest your
money with such absolute security—paying such a good
rate of interest.

Canada will soon give her citizens an opportunity to
buy Victory Bonds 1919. It will probably be the last
chance to buy Canada's Victory Bonds on such favorable
terms.

Prepare to buy as many Victory Bonds this
time as you now wish you had been
able to buy the last time

Victory Loan 1919 "Every Dollar Spent in Canada"

COME TO THE Opera House

ON TUESDAY EVENING,

October 21st

At Eight O'clock, and hear

BRIG-GENERAL MACDONALD,
G.O.C. M.D. NO. 13

Speak on the desirability of a MEMORIAL HALL and G.W.V.A. Clubrooms for Strathmore. Also several other Good Speakers, and Musical Programme. Everybody in town and district invited to Come. No Charges.

BE SURE TO COME AND BOOST THE CAUSE

Namaka Notes

Miss E. G. Sheddille who has been acting as V.A.D. in England paid Namaka a flying visit before proceeding to her home in Calgary.

The broken weather of Tuesday and Saturday interrupted travel and yields so far are no a rule beyond expectation.

Mr. and Mrs. C. Thompson were setting friends around Namaka on Sunday.

The Government Bridge outfit moved on last Monday having removed the old bridge and replaced it with the new one. The work appears to be done in a thorough and workmanlike manner.

Thanksgiving day was a busy one with the "gun men" who were out among the dunes.

Potato growers in the district were nearly all caught by the new weather. Large areas are likely to be left in the ground. One girl who evidently took the part of handiwork to herself, wants to know how much hard the young man who is blamed for writing said per used on his pump. Would he please reply?

61 Bushels per Acre

One of the farmers of the Strathmore district who has given most consistent attention to irrigation during the past ten years is Mr. J. A. Cammear, located eight miles east of Strathmore. Mr. Cammear has learned to use large ditch, spaced closely together and well laid out, consequently he is able to irrigate rapidly and evenly and has obtained very gratifying results. A trial plot of Kitchener wheat at yielded almost 61 bushels per acre, and another 51½, margarine went 49 and Early Red Flax 41, and a field of barley went about 62½ bushels per acre. The alfalfa yield this year is estimated by Mr. Cammear at four tons per acre in two cuttings. A very good field of irrigated wheat raised by Mr. Cammear on the south-west quarter of Section 12 has not been threshed.

yet, but is expected to go about 25 bushels per acre. Oats on Mr. Cammear's place are expected to average 20 bushels per acre. These crops attracted wide attention during the season and are a credit to the district and show what can be done by using water early and in reasonable manner.

Public Meeting Re Memorial Hall

As will be seen from our advertising columns, public meeting will be held in the Opera House on Tuesday evening, October 21, for the purpose of explaining the G.W.V.A. Memorial Scheme. Brig-General McDonald, G.O.C. M.D. No. 13, who spoke so acceptably on the occasion of the banquet to Strathmore's returned men, will be the principal speaker, and several other eloquent speakers are also on the programme, besides several musical items. Everyone in the town and district is urged to be present at the meeting, and help the Memorial Hall project along.

DOMINION LANDS Increase in Rate of Interest

PUBLIC NOTICE is hereby given that in accordance with the provisions of an Act to amend the Dominion Lands Act, passed at the last session of Parliament, and commencing from the 7th July, 1919 where interest is chargeable, the rate of such interest on all new transactions in connection with Dominion Lands shall be six per centum per annum; also that from the 1st of September, 1919, the rate on all existing instalments in connection with land put and future transactions will be increased to 7 per centum per annum.

THE PRINCE OF WALES

A large photo of the popular heir to the Throne for all STANDARD readers. The Family Herald & Weekly Star of Montreal have secured the exclusive rights for all Canada for a real good photo, 10 x 22 inches, of the Prince of Wales. It is by VanDyke, the celebrated London, England, photographer, taken on the eve of the Prince's departure for Canada.

THE STANDARD has made arrangements with the Family Herald and Weekly Star whereby we are permitted to include the Prince's photo in a clubbing offer. We now make the following offer, good only until December 31st, 1919: The Family Herald & Weekly Star one year, costs \$1.25. The Standard one year, \$1.50. We offer both these papers for one year, each, and an autograph copy of the Prince of Wales' portrait, size 10 x 22 inches, all for \$2.50.

All orders to be sent to this office.
STRATHMORE AND BOW VALLEY STANDARD

WARNING—This offer is good only until December 31st, 1919, when it is announced the price of The Family Herald will be \$1.50 a year.

Phone 57 STRATHMORE

We have just installed, at heavy expense, a Model Z Intertype, direct from the factory, Brooklyn, N. Y., also a new power unit. This will enable us to give you a fully modern and up-to-date newspaper, and also will be of great service for job work.

Our constant aim is the publication of a newspaper that will be a credit and a benefit to the town and district. We want your co-operation in this.

Printer's Ink is a necessity to the modern business man, whether retailer or otherwise. It is the best solvent for business troubles. To get results advertise steadily, and make your ads attractive, tell the truth, and change your ads often. Look upon your space in the Standard as your store window. More people will see your ad than will see your other windows, or your signboard.

Profitable advertising is not of the hit-and-miss variety. It has to be steady and kept up-to-date.

Finally, don't forget that we have the plant to handle every kind of job printing, including Loose Leafs. We are also agents for Counter Check-books and other specialties.

Strathmore & Bow Valley Standard
JOHN MACKENZIE, Proprietor.

STRATHMORE WAR MEMORIAL HALL

The first week's canvass for the War Memorial Hall, a project undertaken by Strathmore Great War Veterans' Association, has been remarkably successful.

The Memorial Hall is intended in the first place as an everlasting tribute to the men from Strathmore and district who fell in the cause of liberty, in the second place to provide those who have been fortunate enough to come back with club and reading rooms, and in the third place to provide the people of Strathmore and district with a real community hall, big enough to accommodate any local gathering, and modern, sanitary, and safe.

Location

The Town Council of Strathmore have gifted six lots on a location on Second Street between the Methodist and Presbyterian Churches as a location for the building, and this will allow of ample room for grounds, and good light on all sides.

Plans

Plans for the building are being rapidly prepared, and tenders are being called for the construction of the foundation.

Clubroom For G.W.V.A.

At this time a year ago the Great War was in full swing. Millions of men were locked in deadly combat on the plains of Flanders. You felt then that you would like to do something for the boys who were over there amid the smoke of battle. You have the opportunity now to do something for these boys. There are about sixty members of Strathmore G.W.V.A., all of whom have been overseas, and nine-tenths of whom have seen active service in France.

A Real Hall

Besides helping to provide Strathmore G.W.V.A. with a Clubroom you are at the same time doing something that will benefit yourself and your town and district. Every time you have come into Strathmore you have felt the need of a hall large enough for any kind of public meeting, dance, or entertainment. The hall proposed will amply provide this.

\$15,000 Wanted

There are a number of Volunteer Canvassers working throughout the country, but more are wanted. Get in touch with J. H. M. Martin or Rev. Henry Montgomery, if you wish to give your services as a canvasser or donate to the project. \$15,000 is wanted, and the G.W.V.A. wish to have that amount by October 31st, so that they can have the building completed before the weather makes it impossible to go ahead.

Rockyford News

One of the best crops ever harvested in the Rockyford district is now being threshed, in spite of a summer of intense heat and drought, and the yield is no greater than in many sections of southern Alberta, where the crops are an almost total failure. The Rockyford district has again proved itself to be probably the finest wheat producing and mixed farming section of Western Canada. In 1914 a year of intense drought the best yield of wheat secured in the district was 33 bushels per acre. This year many fine fields are yielding from 40 to 50 bushels per acre. Oats are running as high as two bushels, and barley 30 bushels. In spite of the repeated warnings, in the past, that every effort should be put forth to produce feed-stuffs, there is a strong feeling of indignation throughout the district owing to the failure on the part of the Canadian National Railway to supply necessary cars. The elevators at Rockyford, Blairton and Rosedale are full, and very few cars have been supplied to date; and after filling all the available granary and elevator space, many farmers are now faced with the necessity of threshing their wheat on to the ground. All the farmers of the district who would suffice to store their grain, had the Canadian National Railway supplied a reasonable number of cars, but the situation is apparently being ignored by the Government Railway authorities, and what is being dumped on the ground, entailing a needless waste, when there is said to be an abundance of cars, idle on the C.P.R. System. It is high time better service was provided, as this district is one of the few sections of the Province having a large surplus of wheat to ship, and each fall, for several years past, there has been considerable obtaining cars at Rockyford and the adjacent stations. These three points will ship at least one million bushels of wheat, and while the farmers do not expect the crop to be moved out in few weeks, they feel that the Railway should do all in its power to prevent a grain blockade, and in a year like this when the crop is so large, sections of Western Canada are light, there does not appear to be any reason why the Government Railways should not give an adequate service.

A J Cammatt has nearly completed the splendid house he is building close to town.

Charles County has completed the beautiful 9 room house on his home farm near Blairton. It is probably one of the largest and most attractive house in the community, and is the model of a real home.

Messrs. Tyldesley, Horner and Legoe of Rosedale, together with Messrs. Short and Lewis of Blairton, went over to Irricana on Sunday, there they encountered Brown the affable pitcher, late of Strathmore, who states he hopes to break with the Western Canada League next year.

Mr Bulger of the Canadian Bank of Commerce at Nashburn, Sask., has been transferred to the Canadian Bank of Commerce at Rockyford.

O N Gilbert of the firm of Gilbert Bros., Limited, Calgary, spent a week inspecting the district.

Mr Casland, of the Big Bend Land Co., Spokane, was visiting the large ranch near Redlands, recently purchased by his Company.

What's the next thing in the programme. It should be grading the street from the station to the railroad crossing. If we don't someone will break his neck going over a car, and the town will be responsible and ashamed.

Did you notice the sad look on Corby's face? He is homesick and wants to get back to Sweden, but he can't take all his dogs along. Give him a helping hand by buying a dog and in return for your favor, he will send you a card from Sweden.

The Great War Veterans Band held a social at the first dance, Tuesday evening, at the Strathmore Hotel.

Dr. Blackburn is back in Rockyford, after being out of the city for a few days.

There is a strong feeling of forming a Curling club, in order to provide some amusement in Rockyford this coming winter. This idea should be encouraged as it would prove a great benefit for our young people, and recreation for our old folks, and certainly some kind of amusement is needed to pass the long winter months. It is said by the Baseball committee to be the matter in hand and trying to get the curling, and it will turn out to be a success. The expense involved would be very small in comparison with its advantages, and would be a great benefit to the district, so let our boys, boys, and start right in organizing.

Mr Pankins will offer a price of two dollars to the champion for the biggest Cauliflower grown in the Rockyford district. Mr Lane offers the sum for the biggest turnip, (nobody on the Reporter staff can spell Rutabaga).

Dyson has got a Ruckabee. He cannot get it in his Strathbucker.

A young Austrian looking for work was told where there was lots of smoke, he would find a thrashing crew at work. He followed directions—up the road, past Rauld's, over the ditch, over the Rosedale up hill, turn to the right. The smoke rose thicker than ever, but he found it was only Bert Meyers, smoking one of Buck's El Mexicanos Cigars. Poor Bert!

Have you heard this one? One of our venerable Patriarchs from the Rosedale Colony visited Drumheller with a sick lady. The doctor he gave a prescription for nothing, for nothing. I go out there and there is a poor man who says he gave me three dollars for the prescription. Three dollars—and I drink half the whisky mine sell. Oh! it was a good day for me!

Tudor Items

The marriage took place in Strathmore of R. Van Matine, of Tudor, and Miss Florence Schaler, daughter of C. E. Schaler, also of Tudor, on Saturday the 28th of September. They immediately proceeded to Calgary and spent their honeymoon there, returning last week to Mr Van Matine's home in Tudor, where they will reside in the future. Our congratulations to the happy couple, and may they live many moons.

Mr E W Post together with E Wagner, accompanied by a visitor from Texas, left for the mountains on Monday evening on a hunting trip.

BUY AN IRRIGATED FARM

FROM

THE CANADIAN PACIFIC RAILWAY

BECAUSE

Irrigation makes the farmer independent of rainfall, and insures good crops, not consistently but every year.

Irrigation makes possible the successful culture of alfalfa, the king of feed-stuffs, with numerous other returns in satisfying and profitable farming.

Irrigation means intensive farming and new settlement with all the advantages of a densely populated agricultural community.

Investment in the Canadian Pacific Railway Irrigation Block is a longer an expenditure than that it has been, and having already demonstrated its success wherever intelligently applied.

This is the most liberal offer of irrigated farm in record. For full particulars, apply to

ALLAN CAMERON, General Supt. of Lands
